

St. Nicolas Greek Orthodox Church

Quick Facts

Year Completed: 1988
Size: 10 000ft²
Budget: \$800 000
Location: Chatham
Project Type: New Build

This project is a new 10,000 ft², two-storey church building. The \$800,000 building incorporates a design in the Greek Orthodox tradition, complete with a dome roof over the worship area and other traditional features. Also included in the design are barrier-free accessibility features.
